

### **Invitation open to**

Operators experts in different fields of interest: officials coming from public institutions, port authorities, departments for tourist promotion, experts of tourism, planners and technicians dealing with waterfront and hospitality structures, researchers.

### **Contributes:**

Presentations of case studies (original contributes, innovative experiences) are welcome. Those documents can become an integral part of the dossier, which will be distributed to participants at the International Working Party *Living as Tourists in ADRION - Abitare da Turisti in ADRION* scheduled on 16th and 17th of June in Ravenna. The contributions can become cue of debate during the laboratory which will take place on 17<sup>th</sup> fo June at the Urban center, Via Caovur Ravenna.

costituiranno parte integrante del dossier che sarà distribuito ai partecipanti al International Topics concerning the event deals with:

#### **1. Facilities for Water-front and Harbour Articulated Systems:**

- Reconversion of the areas located nearby the coast-line, connected to the Harbour systems.

#### **2. Architecture of Hospitality:**

- Original accommodation facilities as far as it concerns the structure and the offered services (architectures of differences instead of indifferences, integrated and flexible services);  
- The attractive and fashionable bathing establishments, which combine integrated and flexible services with attraction.

#### **3. Means of "Coast to Coast" Crossing:**

- Coast to coast crossing as a everyday and spectacular means of transportation.

You are kindly requested to send a short of the case study (2 text papers A4 size and an image) , it must be sent in electronic version to the following address:

Executive Secretariat of *UniAdrion* [secretariat@uniadrion.net](mailto:secretariat@uniadrion.net)

For further information, please contact Francesca Regoli :

[secretariat@uniadrion.net](mailto:secretariat@uniadrion.net), tel. +39-0544-93 67 78; fax: +39-0544-93 67 81

Please clearly indicate the references of the reality presented and the details of the author who

sends the contribution.

Proposals of non-participating operators will be collected and distributed anyway; the works will

be considered as useful evidence for further case-studies.

Presentations must arrive within **6<sup>th</sup> of June 2006.**
